Notes:

1) All LCUK bulk cements conform to the appropriate requirements of EN 197-1 or EN 197-4 (CEMBlend only), and carry a CE Mark. Those cements marked * also carry a BSI 'Alkali Verified' Kitemark.

2) Value not to be exceeded without prior notice: Based on the certified average alkali content plus a margin of 1.00 x standard deviation to reflect manufacturers variability of production.

3) The weekly mean chloride value that will not be exceeded without prior notice:
